

SMART WELL FLUID PVT. LTD.

**OIL AND GAS**

**INDUSTRY**

# About Us

Smart Well Fluid Pvt Ltd is a trusted manufacturer and supplier of drilling fluids, mud chemicals

We are an ISO & FSSAI certified company, committed to delivering high-quality products that meet international standards.

- ◆ Mission – To provide cost-effective and innovative drilling fluid solutions that enhance well performance and reduce operational risks.
- ◆ Vision – To be a global leader in oilfield fluid technology and manufacturing, driven by quality, safety, and sustainability.

# Industry Training

Smart well Fluid is offering Hands on drilling fluid course that is designed to both theory and practice of the design, decision making process and the use of mud in the planning and implementation of drilling programs.

Beginner and Advanced Mud school course are going to be taught in Tamilnadu,India

Courses offered include: ♦ Introduction ♦ Refresher ♦ Advanced ♦ Basic for Non-technical personnel

# Drilling & Completion Fluids Engineering Services

Smart well fluids provides customized drilling fluid solutions and has demonstrated its technical capabilities by successfully drilling wells across india's east and west coast. Our capabilities come from our highly experienced and motivated drilling fluids engineers, round the clock technical and logistical support and stringent QHSE policies.

## We have successfully run the following drilling fluid system...

- Non aqueous fluid systems
- Reservoir friendly non aqueous fluid systems
- Dispersed water based systems
- Inhibitive water based system
- KCL polymer system
- Polymer glycol polyamine system
- Clay-free, non damaging formate based drilling fluids
- Silicate mud systems
- Saturated salt mud system

# Brine Filtration Services

- ✓ Smart well fluid provides a complete range of filtration options to clean the simplest to the most complex heavy brines
- ✓ Smart well fluid has a toll manufacturing tie-up with a maker of polypropylene pleated cartridge and bags.

**The brine can be filtered to 1 micron using...**

- **DE Filters:** For coarse filtration of heavy brines
- **Bag Filters:** For coarse filtration of low density brines
- **Cartridge Filters:** For polishing to required NTU

# Lab Equipment

Smart Well Fluids markets and leases cost effective drilling fluids testing equipments including...

- Pressurised & Regular Mud Balance
- API Filter Press
- HPHT Filter Press
- Marsh funnel
- Sand Contained Kit
- Zone Rated Mud Labs

# Solid control & Drilling Waste Management Services

Smart well fluid offers a complete range of solid controls & Drilling waste management services comprising of...

- Shakers
- Centrifuges
- Desanders
- Mud cleaners
- Cutting Dryers
- Mud coolers
- Rig vacuum systems
- Drilling waste water Treatment

Our intergrated portfolio of cutting-edge solids control technologies are engineered to optimize drilling efficiencies by reducing fluid losses, HSE impact and costs.
